

LAST NOTICE

To the Taxpayers of Rockcastle County:—

Under the Acts of Revenue and Taxation as passed by the General Assembly, at its session for the year 1918, it is the duty of all persons to appear before the County Tax Commissioner and list their property. I, or one of my deputies will from the first day of July, 1918, until the 31st day of October, 1918, be at my office over the store of U. G. Baker from 8 a. m. to 5 p. m., to receive your list, and any one failing to appear and list their property, will be reported, and upon their failure to list their property they are subject to a fine of not exceeding the sum of fifty dollars.

C. T. SIGMON,
Tax Commissioner of Rockcastle
County, Kentucky.

LIVINGSTON

Mr. and Mrs. W. M. Baker, and J. W. Baker, of Mt. Vernon, were here Monday. — Edd Owens, of Mullins station, was here between trains, Sunday. — Mrs. G. S. Griffin and children, have returned from Pittsburg, after a few days visit with relatives. — W. A. Todd, of the Level Green section, is visiting his sister, Mrs. J. A. Owens. — I. W. Catlin is working the agency here in the absence of C. A. Blamond, who is taking a sixty-day lay off. — We failed to get in a letter last week on account of working nights at the depot, but we are back on the job again. — We have been informed that our old friend James Maret was out riding in his Tin Lizzie the other day and lost control of the machine, and was first on one side of the pike then on the other, and at last landed in the fence. Our friend remarked to a party passing by that she failed to anger now, as Winchester is a dry town. We are at our wits end to unriddle this or to offer a solution, otherwise our mind would have been at ease. To our friend we will advise him in the language of old uncle Alfred Owens, when you are out a motoring, "Keep your eyes on the main tanglement." — S. C. Franklin was here Saturday en route to Lexington to see his mother, who is very sick. — Mrs.

visit with relatives here. — Mr. and Mrs. G. W. Griffin, of Cincinnati, Ohio, are visiting relatives here. — Mr. and Mrs. James Southards, of Howell, Ind., are visiting relatives here. — Jim is an old Rockcastle boy and is making good. — Mrs. Robert Griffin has returned from London after a few days visit with her parents, Mr. and Mrs. Sam Pennington. — There were services at the Christian church, Saturday and Sunday, conducted by the Rev. Masters, of Brodhead. — Urban Chuning has returned from the London Fair and says the crowd was much smaller than in former years. Since the U. S. entered the war but little attention is given fairs. — Coming events cast their shadows before, and surely Old Kaiser Bill, the Brute of Berlin, the baby assassinator, the red handed murderer, has seen the hand-writing on the wall. What should be done with such a man, who claims to be a full partner with God? We believe his doom is sealed and with the boys on the Western front, going to the front, that it will not take long to enter Germany and then a short time to march to Berlin. You can guess the fate of old Bill, the Kaiser. Some of these mornings he will turn up in h-l and what will Satan do; take an inventory and turn over heads to Old Bill, to whom it rightly belongs.

LEVELGREEN

There was a pie supper given at the school house here Monday night which was a perfect success, the proceeds going to the Red Cross. There were eighteen pies which brought \$21.55 and the children of the district are to be given the praise. They were assisted by M. E. Burton who gave a nice little talk very appropriate for the occasion and did the selling of the pies. We hope that each district may contribute this much to such a grand work. — Mr. and Mrs. W. E. Anderson are the proud parents of a nine pound boy at their home. — Several from here attended the Baptist Association at Union first of the week. — Mrs. R. M. Testerman has been visiting her daughter, Mrs. M. E. Burton this week. — Mr. and Mrs. W. M. Hurst are visiting relatives and friends in Indiana. — Mr. and Mrs. W. E. Hasty and children spent last week at Turnersville. — Mr. and Mrs. Edd Brown spent Saturday and Sunday with his brother, W. J. at Crab Orchard. — Mrs. Clay Thompson is spending the week with her parents at Mt. Vernon. — Miss Sallye Price who is making her home with her sister, Mrs. F. E. Mullins, is with her mother this week. — Miss Rose Gentry and little sister, Omega and brother, Robert, spent Sunday with their grandmother, Mrs. J. N. Brown. — Mrs. O. J. Mullins and children, spent Sunday with her parents at Ocala. — There has been a series of meeting at Chapel conducted by Rev. Brown and Wesley. — Mr. and Mrs. Theard Proctor, of Clarence, spent Sunday with Mr. and Mrs. R. H. Brown.

REGISTRATION.

"The President of the United States, by proclamation, has fixed September 12, 1918 for the registration throughout the United States of all men between the ages of eighteen and forty-five inclusive, for military service, except those who have already registered and those who are not required under the law to do so.

"Under the authority vested in the President, it has been ordered that State headquarters, local boards and other officials of the State will hold themselves in readiness to proceed promptly with their work of registration on the date fixed.

"Existing draft machinery will be used with such increased facilities and additional registrars as are required for the enrollment. Under the President's proclamation, the Governors of all States have been called upon to supervise this registration and the Adjutant General, or Draft Executive, will, under this proclamation be the central administrative authority. All local boards will have immediate direction and supervision within their respective jurisdiction. The actual registration will be made in the customary voting precincts within the jurisdiction of each board, or in such other places as the local board having jurisdiction shall designate by public notice.

"Rulings issued by the Provost Marshall General as to persons who are required to register under the act are as follows:

"All male persons who shall have attained their eighteenth birthday and shall not have attained their forty-sixth birthday on or before the day set for registration by the President must register.

The only exceptions are:

(A) Persons who, prior to the day set for registration by the President, have registered under the terms of the act approved May 18, 1917, (which fixed the original age limits at 21 to 30 inclusive), or under the terms of the public resolution of Congress, approved May 20, 1918, (providing for the registration since June 5, 1917, of those reaching the age of 21 years), whether called for public service or not; and

(B) Officers and regular army officers appointed, and men of the forces drafted under the provisions of the act approved May 18, 1917; officers and enlisted men of the National Guard while in the service of the United States and the officers of the Officers Reserve Corps and enlisted men in the enlisted reserve corps while in the service of the United States; and

(C) Officers and enlisted men of the Navy and Marine Corps and officers and enlisted men and enrolled men of the Naval Reserve forces and Marine Corps Reserve while in the service of the United States; and

(D) Diplomatic representatives, technical attaches of foreign

embassies and legations, consuls and consular agents, of foreign countries residing in the United States.

"Persons not subject to registration solely on account of being in the military service of the United States become subject to registration and are required to register immediately upon leaving such military or naval service.

"Citizens of the United States or persons who have declared their intention to become citizens of the United States, who do not register on account of absence from the territorial limits of the United States, are required to register within five days after their return to the United States.

"The regulations then warn registrants and all other persons charged with a knowledge of the regulations, that ignorance of the provisions will not excuse them.

"These regulations, it is set forth, 'Have the force and effect of law, and all persons required by these regulations to be registered, and all persons who may claim any right or privilege in respect of any registrant, are charged with knowledge of the provisions thereof. Failure by any person required to be registered to perform any duty prescribed by these regulations is a misdemeanor, punishable by imprisonment for one year, and may result in the loss of valuable rights and privileges, and an immediate induction into the military service.

"Local police authorities in all parts of the country will co-operate with the Government in the enforcement of order on registration day. Regulations prescribed by the President and sent to draft officials of the various States, contain the following provisions:

"On the day set for registration, all Federal Marshals, police officers, State, County, township, municipal and town-of whatever grade or class, shall hold them

selves in readiness to render whatever assistance may be necessary in preserving order at places of registration and in assisting in bringing about a complete registration.

"All Marshals, Deputy Marshals, investigating agents, and police officers, shall examine the registration lists and report without delay to the local boards the names of any persons known by them to have failed to register themselves when liable to registration; and it shall be the duty of local boards to report to the proper United States District Attorney all cases coming to their attention of persons who have failed to present themselves for registration as required by law.

"Police officers may require any persons subject to registration to exhibit his registration certificate.

"In any case in which a duly designated officer or agent refuses or fails to act, the Governor, Adjutant General, or member of a local board, will proceed at once to name another officer or agent for such duty, and will bring the fact of such refusal or failure, and the circumstances connected therewith, to the attention of the proper United States District Attorney, with a view to the institution of prosecution of such officer or agent, as provided in Section 6 of the act approved May 18, 1917.

"It is essential that the people of this state shall accord the fullest measure of co-operation in the carrying out of this order. Ignorance of the law and of regulations issued by proper authority under the law, excuses no one. All persons on the border line of the age of registration will be required to give adequate proof that they are outside of the limit specified. The penalty for failure to register is one year's imprisonment, and no man can exonerate himself by the payment of a fine."

(Signed) D. M. Reynolds, Provost Marshall General's Office.

VOLUNTARY PURCHASES.

The Liberty Loan Organization of the Eight Federal Reserve District is perpetrating strongly to advocate a method of Liberty Bond purchase that the Times has advocated as strongly as it could since the preparatory days of the first Liberty Loan drive. That is voluntary purchase of bonds to the fullest extent of the purchasers' power to save money. Such voluntary purchase would relieve to a great extent the labor of the selling organization; and would bring about a far greater oversubscription than we ever have seen.

The Central Committee of this reserve district has set apart September 23 and 29 as Volunteer Days for the next Liberty Loan; and it is hoped that the publicity efforts that are to follow that decision will fix these two dates firmly in the minds of the people. Full opportunity will be given for everybody to make bond purchases; and the people are urged to prepare themselves to purchase voluntarily and generously for the two days before the campaign begins. The war is right now at its most critical stage, which fact should cause every purchaser to make up his or her mind to a very high maximum.

The committee insists upon this point: That the people must not gauge their purchasing ability by the amount of money they have in bank. They must rather set the extent of their first payments by the amount of money they have in bank, and prepare to save daily, weekly, monthly enough money to meet their deferred payments. The Times very earnestly urges every citizen to take these suggestions to their hearts—there should be no need to point out what the money is needed for.—Louisville Times

This State Central Committee has nominated Gov. A. O. Stanley, for U. S. Senator, for the long term, to be voted for at the November election. A convention or primary might have brought the same result, but the fellows who are expected to help roll up the majority on the final count like to have a say.

W. A. Harrison, son of A. A. Harrison, a private in Battery B, 327th Field Artillery, is now stationed at Long Island, N. Y., and will "go over" as soon as arrangements are completed for transportation. Henry is a mighty good boy and no young man in our community deserves more credit for what he accomplished during the last few years of his life than he does. He entered Brodhead Graded and High School some four years ago, possibly not so long, and at that time signed his name by a mark, and in May, 1918, he was granted a high school diploma. We recently saw a recommendation that was given him by the business and professional men of this town, and among the good things said about him was that he is industrious, ambitious, full of energy and determination and a Christian gentleman. A young man like Henry will do his part in every thing trusted to him.—Our good friend, George S. Durham, of Mt. Vernon, was in town a few hours Thursday.—Mrs. R. H. Hicks and Mrs. E. B. Newland are with their husbands in Harland county this week.—Mrs. John Evans returned to her home in Detroit last Friday, after spending a few weeks with her parents, Rev. and Mrs. A. J. Pike, and other relatives. Miss Pearl Hicks accompanied her

home and will be there several months perhaps.—Dr. J. J. Brown, of Stanford, was here last Friday to see Mrs. C. H. Frith, who is quite ill.—Mr. and Mrs. J. E. W. L. moved to Danville Saturday. We are sorry to lose these good people. Mr. Wallin is Special Agent for the Queen & Crescent Railroad Co., and has made his headquarters at Danville for several years and the change will be very convenient for him.—Edg. Brown and Monroe Sutton left Saturday for Lynch, Harlan county, where they will work for the U. S. Coal & Coke Co.—Mrs. Walt Smith, of Winchester has been with her parents, Mr. and Mrs. J. M. Owens, here during the week.—Mrs. L. M. Brown, of Louisville, was with her parents, Mr. and Mrs. J. G. Frith, the first of the week.—Eld and Mrs. J. W. Masters left for Middleboro, Thursday, where they will visit relatives and friends. Mr. Masters will hold a two-weeks meeting in Harlan county before returning.—Miss Etta Moore, of Berea, who has charge of the Moonlight schools of Rockcastle, was the guest of Mrs. R. H. Hamlin last week.—The Baptist Association held at Union church, near Ottawa, was largely attended from this section. Services were held here every evening at the Baptist church by able visiting ministers.—Mrs. John Robins is spending a few days with Mrs. J. Thos. Cherry at Caab Orchard this week.—Miss Jo Davis, of Mt. Vernon, is with her sister, Mrs. Wal-

ter, who is with the Navy, is at home with his parents, Mr. and Mrs. O. V. Jarrett, this week.—John Robins and A. M. Hiatt were in Mt. Vernon, Tuesday evening, attended a meeting of the Fuel Administration Committee.—The 326th Field Artillery, of which Everett Watson is a member, is en route to Hoboken, N. J., and will likely take a transport from there to visit the Kaiser on the western front. Dr. M. K. Pennington, the London dentist, will be in Brodhead, Monday, September 16th, for ten days or two weeks. If you need dental work, see him at Dr. Carter's office.

COUNCIL OF NATIONAL DEFENSE

The registration for selective draft will be held Thursday, September 12th, from 7 a. m. to 9 p. m., at each voting place in the County. All males between the ages of 18 and 46 who have not previously registered should appear and register. If you are away from home, register before the nearest board. They will give you your card, which should be mailed to your home Local Board. It is much safer to send by registered mail.

An enlarged copy of card, explaining how to answer all questions on registration card may be seen in Cox Bros. and J. Fish & Son's window. To read this will help to fill cards correctly.

Where the County has no house of its own to be used as a voting place, the building used should have a large sign placed on it to indicate the place to register.

The men appointed to conduct the registration should have lamps prepared, as they will keep open until considerably after dark. Interest should be taken in all who are sick to get their cards filed with the registrars and save trouble.

This registration will be much larger than the one in 1917, and immediate action will be taken against anyone failing to register. The penalty is severe. It is estimated that not more than one man out of every six who registers will be wanted for army service during this fiscal year. Every man with a family should go right on with his usual work

prepare for his crop as usual and try to have larger crops, for this will be the kind of work required of most of the men who register next Thursday.

Read the President's Proclamation elsewhere in this paper. Attend church next Sunday and your preacher will talk about the proper way to register and reasons for doing so.

It will be appropriate at this time for the Rockcastle County Council of Defense to take up matters pertaining to loyal support of the Government in both acts and words. When the call comes for registration, all citizens should do their whole duty. Obligations should not fall on persons of a certain age, letting the rest of the population go free to retard National co-operation. To the last citizen, we Americans must help to win the war, or pay the price of a slacker. Soldiers don't slack, why should citizens?

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Farmers are rejoicing over the rains.—Corn crops will be very short in this locality.—All stock looks well and pastures are taking a new start.—A. J. McMullins sold 11 lambs last of July that averaged 104 lbs. at 15 cts and they were nearly all twins. Who can beat that? J. T. Chasteen and family of Sapulpa, Okla., were visiting his brother, Sherman, last week. They have been away from Kentucky for eleven years. They say that most all corn is burned up in Oklahoma, although they had a fine wheat and oats crop.—Uncle "Ted" Chandler and Jack Noe are getting anxious to see the threshing coming.—Sherman Chasteen and Hiatt Mink are teaching Quail school. "When will the war end?" is a question of ever increasing interest. Now come along a brother 'to fortune and to fame unknown,' and immortalize himself by settling the question, at least to his own satisfaction. He bases his prophecy on the date of birth, the year of leadership, present age and length of office, of eight of the leaders of the Allies. He shows that the total for each leader is 3,836 and that this sum divided by two, gives 1,918, the year in which the war will close. His rather remarkable figures follow:

CHAMBERLAIN'S COUGH REMEDY.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but it is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Seabury, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for cough, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

DIARRHOEA IN CHILDREN.

For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unusual looseness of the bowels appears.

RED CROSS

The following receipt is self explanatory, and was procured for the purpose of helping Mr. J. S. Rowe to understand that his gratuitous allotment was duly paid over to the treasurer of the American Red Cross War Fund Drive Committee. It was most impossible for the newspaper to handle all these names without omitting, or making a repetition of some donors name. Should the impression get out in the County that somebody was keeping Red Cross donations, or for other words flinching from the wounded soldiers "over there" it would greatly retard the people's inclination to donate to this fund. The receipt is as follows:

Received of M. Pennington \$5.00 (five dollars) contributed by J. S. Rowe, Mt. Vernon, Ky., to the Second Red Cross War Fund. Official receipt No. 303470. May 25, 1918.

V. C. Tate, Treasurer.

The following letter and enclosure was received by M. Pennington Chairman of the Rockcastle County Chapter A. N. R. C. This Chapter is very thankful for this amount contributed, but more grateful for the patriotism shown.

Level Green, Ky.

Dr. M. Pennington,
Mt. Vernon, Ky.
Dear Doctor:

No doubt you will be surprised to find enclosed \$21.55 which I am sending you for the Red Cross. Please give my school the honor. We had a pie supper last night for the benefit of the Red Cross. My school girls brought eighteen pies. I think we should be loyal to our country.

Yours truly,
Mrs. Sallie Jones, Teacher,
Level Green School.

Judge Cam Mullins requests all peace officers and citizens of this county to keep a sharp lookout for all boys within the school age who are loafing night or day and report their names to him. The new law says if these boys have regular occupations they must be in school and not idling their time away. It is hoped this loafing business will be stopt.

Many of those who have cut the brush off the road along their property are leaving the limbs where they fall. This does more harm than if the brush and limbs were left standing. All ditches and culverts will soon be filled up and everyone knows the result. We would suggest that the magistrates see to it that the limbs, brush, etc., are kept out of the ditches.

The Level Green school had a pie supper last week and realized \$21.55 for the Red Cross. How many schools in the county will do the same thing? We ask for the name of every teacher in the county who will promise and guarantee to have either a pie supper or something similar for the benefit of the Red Cross between now and December 1st. Send in your name so the list can appear in the paper on Sept. 20th. Here is an opportunity for every teacher and school district to do something for the great Red Cross organization. CIRCUIT COURT.

The jury awarded John Quinn judgment for \$3000 from the L. & N. R. Co., for alleged injuries sustained by being dragged by a train while trying to get off.

The case against W. H. Kruger and his wife, Mrs. Mary Kruger, who were indicted by the grand jury for Criminal Libel, charged with printing and circulating a scurrilous and defaming article relative to County Court Clerk S. F. Bowman, was tried Monday and Tuesday. The court gave peremptory instructions as to Mrs. Kruger. The jury returned a verdict of \$250 and 20 days in the county jail in the case of Mr. Kruger. The case will be appealed.

Mrs. Minnie Merriek was awarded judgment against William Merriek for \$20 per month as alimony and support of their nine year old child. Pay begins with October.

Court adjourned yesterday and the docket has been relieved of much of its congested condition during the past two and a half weeks.

Rev. E. K. Pike, Pastor of the Methodist Church, here closed his quinquennial with the Falmouth people last Sunday night. He was greeted by a large congregation to hear him preach his farewell sermon, the other churches in town having dismissed their evening services so as their members could be present. This shows the popularity and esteem in which Rev. Pike was held. He has in the past four years added over 200 members to the Falmouth charge, having more than doubled the membership at Boyd.

It was hoped that Rev. Pike could see his way clear to return to Falmouth for another term. His official board was a unit in asking his return, and not only that, but promised him an increase in salary of \$200 a year if he would return, but he felt like he had been with the church here long enough and should go to a new field where his usefulness might be enlarged.

Rev. Pike was loved and esteemed not only by his own congregation, but by other denominations and the citizens of Falmouth as a whole, who, together with the Leader wish him Godspeed, and offers congratulations to the charge that secures his services on getting a minister of the ability and many likable qualifications that Rev. Pike possesses.—Falmouth Pendletonian.

President Wilson says every boy and girl who possibly can must go to school this fall. He is actually letting a lot of boys out of the Army so they may finish their college course, because the Government will need educated men for doctors and engineers. The Government is to have an officer at Berea and the State University, so that the students can get some drill while attending school.

Berea seems to have solved the problem of education for the self-supporting student. It has simply "cut out" unnecessary expenses, and furnished a great many things, including picture shows and other recreational things. And having so many students, it buys food and other supplies at lowest rates, and thus by superior management seems to make a first class education "cheaper than staying at home."

TIME IS U. S. BEST SOLDIER OF FINANCE

It Works Always To Put Lib-
erty Bond Values Higher

Time works in favor of Liberty

Bonds.
Some of the more restless-minded
holders of Liberty Bonds of the Sec-
ond and Third issues have lost sight of
that fact and allowed the slight slump
in the market price which took place
this summer to worry them.

Those prices reflect only a tempo-
rary condition, says the Wall Street
Journal, and the Treasury department
is already in process of remedying it.
The slump in part has been due to a
misapprehension on the part of small
investors who have gained a super-
ficial knowledge of tax exemption fea-
tures.

While bonds of the Second and
Third issues, the 4 and 4 1/2 per cent
bonds, are taxable and the 3 1/2 per
cent bonds are tax free the small in-
vestor cannot be taxed by any income
tax law now in effect or any later to
be enacted on any of the bonds unless
his holdings of 4 or 4 1/2 bonds reach
\$5,000 worth or more. And yet a study
of the transactions in bonds to date
has revealed the fact that many of
the sales are by small investors who
have disposed of their 4s and 4 1/2s to
buy 3 1/2s because some one has told
them the 3 1/2s were tax free.

Everything which congress takes up
in the way of financial legislation gets
the careful attention of the Treasury
department. Nothing is allowed to go
far if the provisions in any way tend
to lower values on Liberty Bonds. Lib-
erty bond holders have first considera-
tion and everything is being done to
facilitate the financing of the war.

Aside from the tax free features,
which are only present influences
after all, the Liberty Bonds should
stand out as gilt-edged investments for
their after-war value. The capital
which they will restore to the investor
after the war will have a far greater
purchasing power than the money
which he is putting into the bonds now
when money is so cheap and plentiful.

**They Give Blood
Abroad; We Must
Give Our Treasure**

Anyone proposing peace with Ger-
many before Kaiserism shall have
been crushed out of existence should
either be interned or placed in an in-
sane asylum for medical treat-
ment.

That is the ver-
dict of Hudson
Maxim. The great
gun maker gives
terse some of
the reasons why
the government
needs five or six
billion dollars
more immediately
—reasons why the
fourth Liberty
loan must go over
with a big safety
margin, why other
loans soon to
come must go over the same way.

"We cannot consider any terms of
peace whatsoever with the German
government as now constituted," Max-
im's letter goes on to say. "Germany
must be hiked and the Hohenzollerns
kicked off the throne before we can
even talk peace without outraging our
self-respect. The German military
ring must be broken and so shattered
that it can never be rebuilt."

"These militaristic bandits of the
breed of Attila who cold-bloodedly pre-
pared to plunder the world and enslave
mankind are not fit to place their
names to a peace compact beside those
of the heroes who shall, with sacrifice
of blood and treasure, save the world
from their clutches."

"There is but one way to peace at
that is the way to Berlin."
Liberty bonds will open that road
for the American boys. Those at home
must sacrifice their treasure as those
over there sacrifice their blood.

THAT FRONTIER ARMY.

Two thoughts are fostered by
the news that the Kaiser is busily
engaged by proxy in picking an
army of 500,000 men, commanded
by the best of the German offi-
cers, with which to defend the Ger-
man frontier, when by reason of
the valor and skill of the Allies
the German frontier becomes the
Allied objectives. The Kaiser
does himself rather well in this
matter, but not so well as he
might. Five hundred thousand
Germans will be scarcely enough
to defend the German frontier. But we are
bound to take comfort in the fact
that at last the brutal foe has
been forced to take thought for
his own frontiers. This fact
shows what our military progress
the past four weeks has been in
reality.

The second thought brought to
mind by this preparation for de-
fending the German frontier, is a
sort of yearning for as full a sup-
ply of airplanes as there is room
far back of the Allied line. Air-
planes could do good work on
those 500,000 Germans while they
are preparing their frontier posi-
tions. Airplanes could make the
job of watching the frontier quite
as exciting as fighting on the
front line; and very much more
unsatisfactory. The morale of an
army in such a position could be
demolished by a sufficiency of
airplanes, to say nothing of bomb-
ing German towns and railroad
centers day and night, while our
brave ground forces fight steadily
forward toward Berlin.—L. Times.

Kaiser Bill is such an Artifice.
Error that we suspicion the real
object may be to stiffen the mor-
ale of the deluded people into vol-
untary enlistment for the patri-
otic duty of defending the border,
and subsequently thrown into the
caldron.

Life Was a Misery

Mrs. F. M. Jones, of
Palmer, Okla., writes:
"From the time I en-
tered into womanhood
... I looked with dread
from one month to the
next. I suffered with my
back and bearing-down
pain, until life to me was
a misery. I would think
I could not endure the
pain any longer, and I
gradually got worse. ...
Nothing seemed to help
me until, one day, ...
I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles,"
Mrs. Jones goes on to
say, "and was not only
greatly relieved, but can
truthfully say that I have
not a pain. ... I would ad-
vise any woman or girl
to use Cardui who is a
sufferer from any female
trouble."
If you suffer pain caused
from womanly trouble, or
if you feel the need of a
good strengthening tonic
to build up your run-down
system, take the advice
of Mrs. Jones. Try Car-
dual. It helped her. We
believe it will help you.
